

**[Advisory Opinion 1994-2]**

**MEMORANDUM**

February 17, 1994

TO: [Name1 withheld], Councilmember

FROM: Barbara McNally, Executive Secretary  
Ethics Commission

SUBJECT: Request for waiver re Sewer Category Change 92A-URC-02

The Montgomery County Ethics Commission has received and reviewed your request for a waiver of the Ethics law to allow you to participate in a vote on Sewer Category Change application 92A-URC-02. You provided the following information:

You have indicated that the applicant for Sewer Category Change 92A-URC-02 is the Montgomery County Hospice Society. The purpose of this change is for the building of a residential hospice to be located in the Rockville area. Your husband is a member and past president of the Montgomery Hospice Foundation Board.

The Commission determined that your husband's positions with the Hospice Board are strictly voluntary and that no financial interest or benefits are derived from his membership or the building of this residence. Based on this information, the Commission has determined that no waiver is necessary.

Thank you for bringing this matter to our attention.
